2015 Vidalia Onion Committee RFP

Preproposals Due to Cliff Riner: August 25, 2015
Full Proposals Due to Debra Rucker: September 1, 2015

All grant proposals are read and evaluated by the Vidalia Onion Committee members, and will be voted on based on industry need and availability of financial resources.

The current list of needs that they show some priority to are:

- Mechanical Planting Options
- Black Mold
- Onion Flavor
- Chlorination or Treatment of irrigation of water to address bacterial and other diseases (could include chemigation)
- Pantoea Investigation

If you have any questions regarding this process, please call Cliff Riner 912-237-0546 or Susan Waters 912-537-1918. If you have a multi-year grant, please specify that in the beginning and in the budget worksheet.
